

Greater Mankato Growth Nonprofit Engagement Fund

PROVIDING ACCESS TO MEMBERSHIP, PROGRAMS & EVENTS

Greater Mankato Growth has partnered with Mayo Clinic Health System to offer Greater Mankato Growth's Nonprofit Engagement Fund for membership, programs and events. This partnership was established to ensure non-profit organizations and their staff can take advantage of the many benefits offered through Greater Mankato Growth. The partnership recognizes that nonprofit organizations throughout Greater Mankato are a steady source of economic growth for our region as well as a key partner in providing vital services, employing residents, and improving the quality of life.

"Nonprofit organizations provide vital services that impact the health and wellness of our employees, patients and community members. We are excited to be the sponsor for Greater Mankato Growth's nonprofit scholarship fund which will enable leaders from this sector to participate in various GMG opportunities."
