

TURN YOUR INVOICES INTO CASH

NO SURPRISES.
JUST CASH
IN YOUR
BANK ACCOUNT.

Partners
Funding inc.

IF CASH FLOW IS ONE OF YOUR BIGGEST CHALLENGES

If yours is like many small businesses in the upper Midwest, receiving timely payment from customers is a challenge. You diligently work to provide your products or services to customers... only to constantly juggle your checkbook, pay some of your bills and watch the mailbox patiently every day for checks.

For many years Partners Funding has eliminated cash flow worries for our customers by direct depositing cash into their bank accounts within 24 hours of receiving invoices that would normally have been sent to their customers.

Here's how it works:

- Deliver your product or service to your customer
- Immediately generate the invoice and send it directly to us
- We will process and deposit cash directly to your bank account within 24 hours
- No long-term contracts
- We handle collections
- You pay one low, fixed percentage fee
- We provide complete/current computer reports on all transactions
- Our services are personal – you'll always talk to a real person
- There are no surprises – just cash in your bank account

FOCUS ON YOUR BUSINESS

Without cash flow issues you'll be able to spend time prospecting for new business, taking better care of regular customers and making sure your business operation is as smooth as possible.
