

## Business Legacy Award Nomination Form

The Legacy Award honors private sector businesses that have been in business in the Greater Mankato region for 10 or more years and have previously received the designation Hall of Fame inductee.

This award is designed to call recognition to those businesses whose principles are involved and reflect the same type of care, compassion, investment, and entrepreneurial spirit that was represented by their predecessors.

Today's leaders must have continued the tradition of commitment to excellence and continue to elevate their presence and attention to excellence as a business, by bringing great distinction to the original path and have preserved and grown the legacy that was inherited.
