

GREATER  
MANKATO  
**EXECUTIVE**  
*Sounding Board*

## A PROGRAM CREATED *SPECIFICALLY* FOR C-SUITE LEADERS

Executives have a responsibility to represent their stakeholders in the most flexible way possible. This means meaningfully promoting the interests of their employees, customers, consumers, and communities. One of the most effective ways to develop an enlightened perspective is to learn from other like-minded professionals.

The **Executive Sounding Board** will provide a professionally-facilitated, two hour, structured, confidential and trusting environment for executive-level leaders to give and receive the benefit of their experiences to help resolve business challenges. Monthly participation allows leaders to make better strategic decisions, focus on “the right things”, improve communication and build long-term relationships. Discussions will focus on cohort members’ successes and challenges as well as leadership and business topics selected by each group.

Cohorts will consist of up to 10 individuals, preferably from non-competing businesses. Each cohort meets on the **second Thursday of each month** for two hours. All of the sessions are led by Scott Morrell, a highly-regarded professional facilitator and member of Greater Mankato Growth. **Cost is \$1,800 for the year.**
