## ***Transportation Alliance Breakfast***

Thursday, September 8th

Courtyard Mankato Hotel & Event Center

901 Raintree Road

Mankato, Minnesota

7:30 am to 9:00 am *(no charge)*

**Funding for highways, bridges and other transportation projects will be cut by over 45% in the next few years unless action is taken by the state to increase revenue. Get the latest update on transportation funding and upcoming projects at this event.**

Projects all across the state are waiting for construction dollars. State leaders have shown support for directing more dollars to roadway and bridge projects along with transit, freight rail and airports. The transportation industry has a huge stake in efforts to convince legislators to increase investments in transportation infrastructure.

**Join your colleagues as our guest to learn more about the Minnesota Transportation Alliance—the oldest and most diverse statewide coalition of organizations that is speaking out for additional highway, bridge and transit funding.**

Learn more about who is leading the Alliance, the strategies for reaching the media and the public, what is at stake for the industry and local governments, the latest action in St. Paul and **how you can make a difference in the future of transportation in Minnesota as a member of the Minnesota Transportation Alliance.**
